## The Baily Dregonian.

The Reput lican city or amittee having taken > the initiative in preparation for the city the Mr. Mrs. Royer; in fact, that they seem then, which will take place June 18 it is proper innered in the chief become what they are worth halors are nangerous enough; to elect any search has are nangerous enough; to elect any search has they may constant on the permitted to distract or divided in the stage that authority of a higher who realize the supposition of the hands of these who are continually classocing for the liberty of unlicensed drink-selling. The issue is simply this, viz.: Shall the city government by kept out of the hands of a lawless class, who are pursuing a crime-making business? Questions in despute between the two political parties, -questions which are mostly of an abstract nort and are not settled even by astional elections;—have no possible place in election of members of a city council. If the condidates who may be put forward as republicant and are the best men show will got a support which will elect them; past if any candidate or candidates who may be put forward as republicant of professional equality with men, that it is not fair to professional equality with men, that it is not fair to professional equality with men, that it is not fair to professional equality with men, that it is not fair to professional equality with men, that it is not fair to represent this as it may people of like intent, it is as an important influence on their actions; it has an important influence on their actions; it has an important influence on their actions; it is nown, controlled to the perfection of feed are really as a support which will elect them; be the more surely dependent.
